

Uruguay: WCN 2029 Official Candidacy

The return of the World Congress of Neurology to the Americas under the principle of zero operational risk: maximum security, democratic stability, full support from the State and guaranteed financial viability in Punta del Este.

 Punta del Este, Uruguay  Zero operational risk  Backed by sovereign decree

Uruguayan Society of Neurology (SNU) · Founded in 1949 · neurologiauruguay.com

Zero risk: security and financial viability

Comprehensive Security and Stability

Undisputed regional leader: Uruguay has the highest rates of citizen security, institutional solidity and democratic stability in Latin America.

World-class healthcare: State-of-the-art healthcare infrastructure and environment specially designed for the secure management of MICE global events.

Global ethical compliance: Full regulatory compliance with the EFPIA and IFPMA international codes for transparent pharmaceutical and scientific sponsorship.

⚡ VAT exemption and ROI optimization

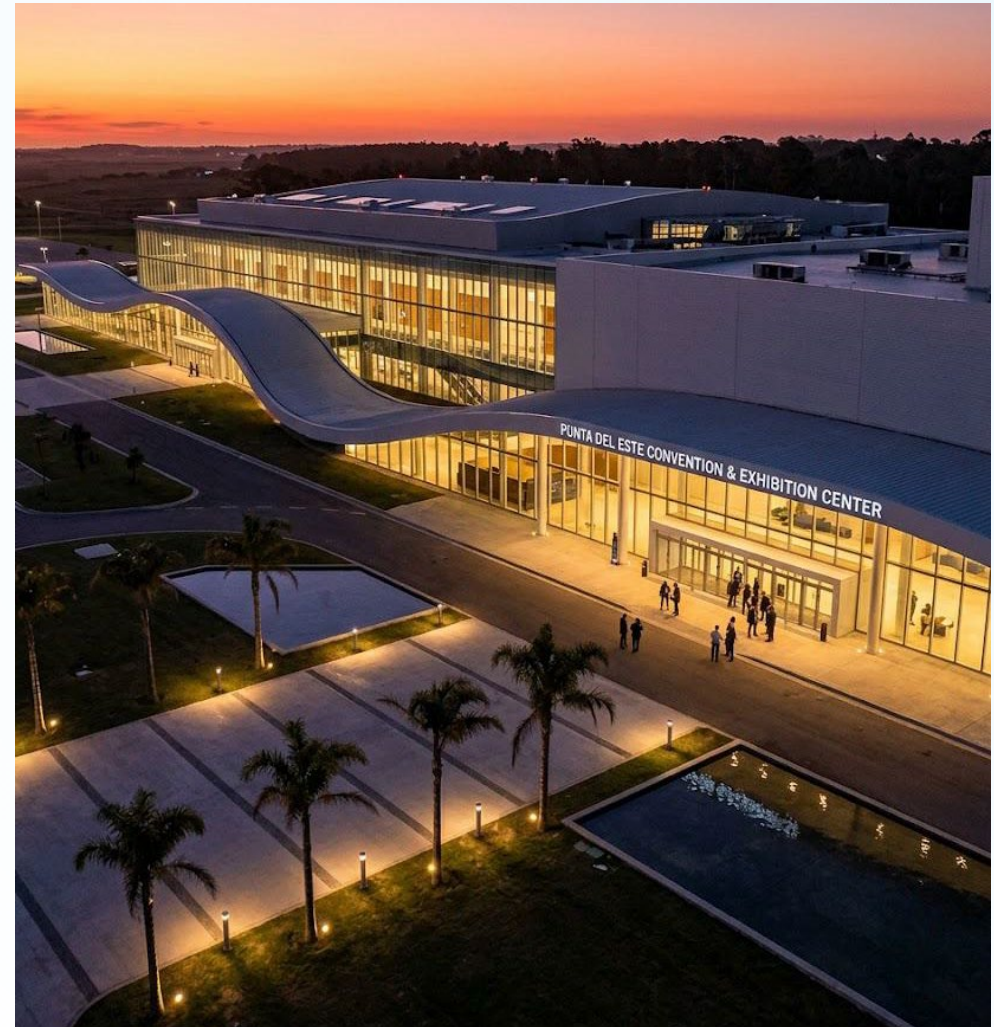

0% VAT (Zero Rate): Total tax exemption for international congresses, covering auditorium rental, audiovisual support and accreditations.

Maximum return on investment: Tax structure that ensures direct budgetary solvency and total financial predictability for the WFN and Kenes.

Competitive rates: Guaranteed blocking of staggered hotel rooms and local services without operating cost overruns.

Infrastructure, connectivity, and state backup

-  Sovereign support: formally declared of Presidential and Ministerial Interest (Public Health and Tourism), guaranteeing customs priority, security and logistical facilitation.
-  Convention Center: plenary auditorium for 2,600 delegates and total capacity of 4,000 people in a 12-hectare venue minutes from the sea.
-  Agile double air hub: connectivity through Carrasco International Airport (Montevideo) and Laguna del Sauce (Punta del Este), with key intercontinental links.
-  Certified universal accessibility: mobility and sensory access protocols guaranteed in all venues, plenary venues and official transport.

Digital innovation and social commitment to the WFN

Hybrid Congress

Infraestructura digital con fibra óptica corporativa redundante y acústica avanzada para transmisión fluida a delegados de todo el mundo sin barreras geográficas.

Side event for patients

Integrated summit for patients, caregivers, and family associations, actively extending the WFN's global brain health mission to civil society.

Medical Accreditation

Structured curriculum design from day zero to obtain EACCME credits and equivalents from the Americas, ensuring the highest rigor of continuous training.

Unique Wealth and Trusted Choice

An unforgettable experience

Punta del Este combines a natural coastal environment with a valuable cultural heritage: the emblematic sunset in Casapueblo, the living heritage of Tango and Candombe (UNESCO), and regional gastronomy accompanied by Tannat wines.

Uruguay 2029 represents the best choice: absolute guarantee of operational success, institutional transparency and scientific excellence for the World Federation of Neurology.

We invite you to join Punta del Este with your vote in the WFN Council of Delegates.
