

## **WFN SLEEP ARG**

### **MISSION STATEMENT (Updated 2011)**

1. Provide a forum at the World Congress of Neurology for discussion and exchange of information among Neurologists with an interest in Sleep Medicine.
2. Review current epidemiological data regarding Sleep and Sleep Disorders and promote international collaboration and studies to further understand the epidemiology of Sleep Disorders
3. Provide a venue to formulate initiatives to further the education of general Neurologists in the field of Sleep Medicine
4. Help formulate guidelines and position statements on various Sleep Disorders
5. Help improve the quality of Sleep and health of patients with Sleep Disorders

The group will meet at the World Congress of Neurology and a progress report will be submitted to the WFN.

As per the rules pertaining to the WFN Research Groups:

- The WFN Sleep Research Group meeting will be chaired by the chairperson or a designate.
- Officers shall be elected for a 4 year renewable term.
- Membership will be open to all qualified neurologists and neuroscientists.
- Publication of any official Research Group journal will be coordinated with the WFN.

**ANTONIO CULEBRAS, MD**  
**Chair, WFN Sleep ARG**
